Sunday Gift-Making Series | Week 2
DIY Bath Salt Jars with Essential Oils
Sunday, December 14

Give the gift of relaxation with a beautifully crafted bath salt jar—made by you. In Week 2 of our Gift-Making Series, blend soothing Epsom salts with your choice of calming essential oils like lavender, eucalyptus, and sweet orange. Personalize your creation with dried flower petals for a touch of natural beauty, then decorate the jar and tie it with ribbon for a thoughtful, spa-inspired gift.

All materials are provided, and no prior experience is needed—just a desire to create something meaningful (and aromatic!). Whether you're assembling a peaceful pampering gift for someone you love or curating a moment of calm for yourself, this workshop invites you to slow down and savor the joy of handmade giving.
