STAFF RECOMMENDATIONS

Paula recommends the Hoodoos hike for a beautiful view. It's close to the resort and takes about 1 hour of walking in total. If you're looking for a more challenging hike, Swansea is a great option. It's a bit farther and requires at least 2 hours of hiking. For something different, Paula also suggests the snowshoe trails in Panorama, which have received great feedback. Just be sure to grab your snowshoes from the front desk before heading out!

Katie suggests grabbing a warm drink at Steamers and simply watching the world go by as a perfect way to relax and enjoy the moment. If that's not quite your style, perhaps a warm drink paired with some window shopping would be more your speed. Fairmont has a variety of boutiques and shops to explore.

Tamara suggests that a great way to get the full Fairmont Hot Springs Resort experience is to spend the morning at the ski hill, followed by a relaxing soak in the hot pools. Afterward, enjoy lunch at Bear's Paw, take part in a resort activity, and finish the day with a rejuvenating spa treatment. Sounds like the perfect day to me!
