YOU ARE A HERO!

To be precise, a sustainability hero!

For the environment

As TITANIC Hotels, we place great emphasis on sustainable practices and strive to reduce our negative impact on the environment, control our overall consumption and minimize damage to the economy and natural resources. We have therefore decided to forego cleaning at the TITANIC Comfort Kurfürstendamm.

We would like to thank you very much, dear guests, for supporting us on this journey.

With this support, you become a “sustainability hero” and directly save around 7.5 liters of drinking water that we would normally use for room cleaning, in addition to the cleaning products, electricity and linen replacement including delivery that would be required for this.

Of course, we are happy to provide you with fresh towels at any time upon request.

Our team at reception will be happy to accept your needs until 1 p.m. and will be there for you if you need anything.
