Signature Lifestyle Experiences  
at Grand Park Kodhipparu, Maldives

At Grand Park Kodhipparu, Maldives, luxury is not defined by excess — but by meaning. Connected Island Luxury is our signature collection of curated experience bundles designed to deepen what matters most: connection to self, connection to others, and connection to the present moment.

Enhance your stay with one of our thoughtfully designed journeys and transform your Maldivian escape into something truly personal.

# WHAT IS CONNECTED ISLAND LUXURY?

**Connected Island Luxury is an elevated stay experience.**

Rather than booking individual spa treatments, watersports activities or dining experiences separately, guests can select a curated journey that weaves together wellness, gastronomy and private island moments into one seamless experience.

Each bundle:

- Is designed around a clear emotional intention
- Includes a handpicked collection of premium experiences
- Offers preferential pricing when reserved online before arrival
- Can be added easily during the booking process

During your stay, the scheduling and flow of your curated experiences will be seamlessly coordinated by your **dedicated Lifestyle Host**, ensuring each moment is thoughtfully timed and tailored around your personal rhythm.

Two journeys. Two intentions. One extraordinary island.
