MACALLAN

## ABOUT THE MACALLAN

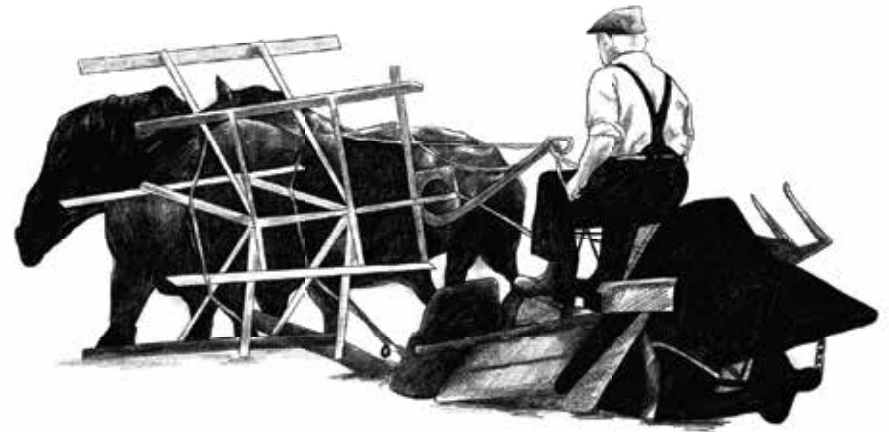

### FOUNDED IN 1824

The Macallan was one of the first distillers in Scotland to be legally licensed. Since then we have built a reputation as one of the world's leading single malt whiskies. The creation of The Macallan draws on the vital contributing influences of Spain, North America and Scotland – and of their respective natural raw materials, combined with traditional methods and craftsmanship.

# THE MACALLAN

### "MAGHELLAN"

The Macallan distillery was founded by Alexander Reid, a barley farmer and school teacher. The original name of the area was "Maghellan", taken from the Gaelic word "magh", meaning fertile ground and "Ellan", from the Monk St. Fillan – who held a close association with the church that stood in the grounds of The Macallan Estate until 1400. Farmers had been making whisky on their Speyside farms in the area for centuries, using their surplus barley during the quieter winter months.

## THE 6 PILLARS

Discover the foundation stones for the character of The Macallan and the creation of our rich spirit. They encompass the strong sense of place at the heart of The Macallan distillery and our estate, together with our long experience of distilling and maturing a single malt whisky.

### THE MACALLAN ESTATE

The Macallan Estate, origins of which date back to 1543, is situated in the heart of the Speyside region of Scotland. The 485-acre Macallan Estate lies in an area of natural beauty and is farmed sensitively, in harmony with the environment.

### CURIOUSLY SMALL STILL

The Macallan's Curiously Small Stills are amongst the smallest on Speyside. Their unique size and shape give the spirit maximum contact with the copper, helping to concentrate the 'new make' spirit and provide the rich, fruity, full-bodied flavours characteristic of The Macallan. There are 24 of these spirit stills, crafted from copper, each holding an initial 'charge' of 3,900 litres.

# THE MACALLAN

### EXCEPTIONAL OAK CASKS

It takes over five years of craftsmanship to create our Exceptional Oak Casks, which are the single greatest contributor to the outstanding quality and distinctive aromas and flavours of The Macallan.

### SHERRY SEASONED

The Macallan maintains its tradition of maturing whisky in oak casks, which are seasoned with sherry wine in Jerez De La Frontera, Spain.

### NATURAL COLOUR

All colour in The Macallan whiskies, bottled by the distillery, is natural. Only the interaction of the 'new make' spirit with the oak of the maturation casks delivers the rich and natural diversity of colour throughout the range, from light oak through to darkest mahogany. These natural colours remain 'fixed', as opposed to artificial colour which fades relatively quickly in bright sunlight. Great skill is required by the Master Whisky Maker to achieve consistency of natural colour from bottling to bottling.

### MASTERY

Heritage, craftsmanship and creativity, an uncompromising commitment to excellence, our people and their mastery define The Macallan.

## VALDESPINO THE HISTORY

Today, The Macallan has formed a partnership with Bodegas Grupo Estevez S.L., owners of renowned vineyards and bodegas of Valdespino, one of the most historic sherry houses dating back to 1264 and where they make and mature the ultra-premium Valdespino brand of sherries and aperitifs. This partnership brings us even closer to the tradition of sherry wine making and seasoning of oak casks, key in the maturation of our single malt Scotch whisky.
