Wedding Theme

Our team has been conceptualizing and dreaming up themes for a modern fairytale, told in our ballrooms. These 3 dreamy themes for 2022 are the brain-child of our creative team of wedding planners. Pandering to the preferences of couples seeking subtlety, elegance, or audaciousness, we've created these three selections.

Whimsical Vintage

With soft ivory and pastel tones complimented by gold accents, exchange your vows and celebrate your love under the romantic fairy lights in our Whimsical Vintage theme.

Magical Blush

For couples looking for a classic wedding, celebrate your special day decked out in soothing blush tones, completed with botanical decor and soft fairy lights.

Mystical Red

Make a statement with our bold Mystical Red theme, filled with deep red roses and resplendent decor. Walk down the aisle under our sophisticated rose arches and set the scene for an extravagant celebration.

The page is decorated with delicate floral illustrations in the corners. In the top-left and bottom-left corners, there are branches with green leaves and small white flowers. In the top-right and bottom-right corners, there are branches with green leaves and larger yellow flowers. The background is a light, textured cream color.
