

thistle PORT DICKSON RESORT SPORTS & RECREATION DEPARTMENT	CRUSOE'S RAFTING	
	Daring To Explore All Possibilities	S&RPRO

If you have a group of friends or working colleagues who are looking for a half day of '*WET*' fun then this is for you!

Bamboos, ropes, paddles, tubes and a little bit of sea water is a recipe for fun in this activity.

The Strait of Malacca at Thistle Port Dickson is a great place to spend a few hours on rafting.

Teams are given time to design their raft. The raft must be big and strong enough to carry the team throughout the race and it must be able to be manoeuvre and to cruise at a minimum speed. Once the facilitators are happy with the design & construction, the race begins!

Package includes:

- Materials/Props for Rafting
- Personal Floating Device
- Safety Boat
