Leadership & Freedom Center at the Lodges at Gettysburg. The Lodges is a 63-acre retreat set on one of the highest and most beautiful ridge lines in Gettysburg. The secluded property, with breathtaking views, 35 acres of mature woods, campfires, hiking trails and a 3-acre lake, offers the perfect country getaway setting for rejuvenation and growth.

PROGRAM DESCRIPTION:

FAMILY...MISSION POSSIBLE is a vetted Preservation of the Force & Family (POTFF) partnership between the Pararescue Foundation and the Leadership and Freedom Center - 7 years running. The 5-day Course of Instruction (COI) program is aimed at providing pragmatic tools and the renewing of the crucial fabric of the warrior's head, heart, and gut. Many times, cultural stoicism deters most from discussing issues within, often resulting in high, but suppressed anxiety felt by those closest to the individual. Over time, this lifestyle erodes family relationships and trusted teams. As we all know too well, it's all about our commitment to building, nurturing and retaining our most important relationships – spouses and family, along with the teams. This mindset and committed lifestyle is paramount to consistently achieving and sustaining Mission success! Realizing and understanding the critical importance of building, nurturing and retaining your overall well-being, we are offering a transformational journey in the art of emotional intelligence, mindfulness, and resiliency for the Operator, Spouse and Family. Our COI offers an experiential week for individuals to seek and obtain happiness, fulfillment and success in all areas of their personal and professional lives.

Your Mindfulness Journey” focuses on learning and exploring lifestyle habits and health benefits to:

- Improve self-awareness, emotion regulation and self-control
- Improve concentration, focus and “effective” communication
- Identify, understand, and manage our/other's emotions, anxiety and fear levels

- Increase immune function, manage and decrease stress.
- Managing stress everyday
- Build resiliency within the Family- coping with adversity and bouncing back
- Embrace sharing, caring and serving behaviors to achieve happiness and fulfillment
- Mindfulness & wellness practices
- Conflict resolution
- Project X - Couples Mission Op
- Develop personal and team leadership behavioral traits to build stronger and lasting relationships
