Ojo De Ibiza vineyard is available only to Nobu Ibiza Bay guests.

'Out of nothing, everything'. The motto of Dieter Meir - electropop pioneer, professional gambler and vintner - perfectly describes this unusual, surprising, mystical vineyard. Rising high above the sea from rocky terrain, Ojo de Ibiza was born from Meir's desire to combine two great passions: winemaking and the White Isle. Johannes Goeller is your guide as he takes you on a journey through the vineyard before leading you through a tasting of their elegant, expressive wines, accompanied by organic local cheeses, cured meats, olives, bread and olive oil. Go at sunset to bask in the breathtaking views and watch the sun disappear into the Mediterranean.

Thousands of years old, these majestic underwater prairies have been declared a UNESCO World Heritage Site and capture more carbon dioxide per square kilometer than the Amazon - making it the sea's very own 'green lung'. Manu takes you on an underwater guided tour through the meadows and incredible dive sites around the mythical Es Vedrà, the Natural Park of Ses Salines or the pristine shores of Formentera.
