

Together. Happiness. Experience.

Our family-owned Acquapura SPA offers a wide range of options for relaxation and care for the whole family. Don't forget to dedicate part of your time to the relaxing effects of wellness. Try relaxation rooms, saunas and steam baths, while the children in the playroom are under the watchful eye of our Falky staff. If you want your little ones to try the charms of wellness, choose some of the treatments adapted to children.

ACQUAPURA SPA

"Acqua pura" means "pure water" and is the essence of the spa worlds in the Falkensteiner Hotels & Residences. Water revitalizes, relaxes and promotes physical wellbeing – it is not without reason that it is considered the elixir of life. From a spiritual point of view, water is assigned to the second energy centre, where creativity, wishes and dreams are anchored. It strengthens the ability to get involved with things and to flow with them. If you connect unconditionally with the element water, this promotes the ability to better accept the unknown and to imagine the future in new ways.

Inspired by living in harmony with nature, everything flows together smoothly in the Acquapura SPA. Here, space is created for free thoughts and inner balance. A pure, holistic spa experience, which above all should create positive states of mind, relaxation, pleasure, joy, health and vitality. The Acquapura SPA is a place where you can rediscover your own centre and simply surrender to the moment.

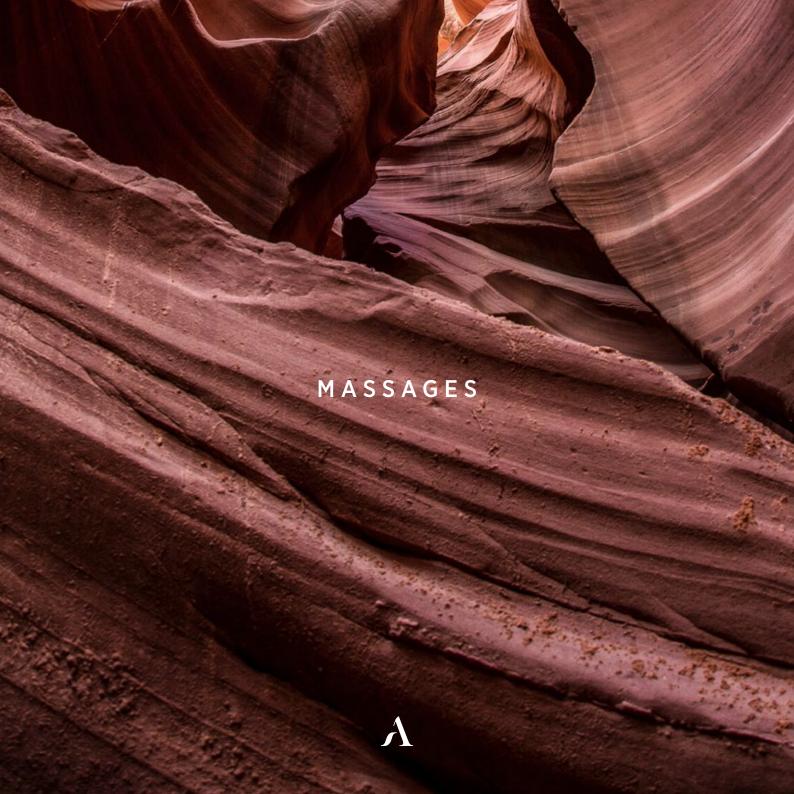

Overwhelmed by the complexity of everyday life, many people have partially forgotten to live in harmony with nature and themselves. The Acquapura principle is therefore geared towards personal balance and the natural biorhythm of life. These distinct, rhythmic phases reflect the course of the day and mirror the seasons.

All Acquapura SPA Treatments & Rituals are based exclusively on natural products, combat personal imbalance, and are tailored to individual needs. Energising and vitalising, nourishing and calming, relaxing, balancing and harmonising, or clear and pure.

ENVIRONMENTALLY FRIENDLY BIOTECHNOLOGY FROM THE SEA

For more than 40 years, research and development teams have been working on powerful marine ingredients, developing the cosmetics of tomorrow. The assets of the sea are combined with unique biotechnology. PHYTOMER decodes the power of natural active substances from the sea and uses micro-organisms to develop modern and innovative ingredients. This new high-tech biochemistry is effective and harnesses nature's potential without harming it.
