# Jesolo Christmas Village

Christmas is coming and in Jesolo the festive atmosphere is made even more magical by the traditional Christmas markets, just a stone's throw from the sea.

An opportunity to savour traditional delicacies and to live moments of joy and fun with the countless attractions for adults and children.

Santa Claus's House and 70 little white cottages together make up a real village filled with Christmas gifts and delicacies.

There is also a Christmas tree in Piazza Mazzini and one in Piazza Aurora, as well as activities and attractions for children.

Have you ever experienced the thrill of ice skating a stone's throw from the sea? Jesolo on Ice, the ice skating rink, is the heart of the city's Christmas village!
