

## **The Gettysburg Leadership Experience**

### **"Leadership Lessons from the Battle of Gettysburg"**

This battlefield leadership program focuses on individual leaders in the historic Battle of Gettysburg and the impact they had on the preparation, outcome and aftermath of the extraordinary events that shaped our history. Were they ready when their test came? Could they have performed better? How so? What actions or failures contributed to victory or defeat and leadership skills and lessons can we learn from their experiences and apply in our own lives and professions. Gettysburg is the perfect place to understand the consequences, good or bad, that leaders have had on history. Individual leaders matter, another clear lesson from the great battle fought here. Join us on a unique journey to identify, learn and takeaway over thirty leadership case studies that will prepare your TEAM to become better equipped for the "Gettysburg's" that may come during your career.

Our leadership programs help you to build, nurture and retain a thriving team culture that consistently achieves and embraces your company's innovation, growth and success. Our TEAM teaches, trains and tests how to develop and reach one's "full measure" – your maximum potential to become a Trusted Leader to inspire and lead others. Trusted Leadership is not something we are born with. It requires learned principles, skills and experiences which demand a serious commitment to acquire and master - truly, a lifetime journey.
