## ART AT THE PARK

A graduate of the Lacquer Department at the Vietnam University of Fine Arts, Đỗ Xuân Doãn is a renowned artist known for his spontaneous use of color and deeply expressive works inspired by people and nature. He likes to travel throughout the country, from North to South, to portray the quiet beauty of everyday life – simple, rustic, and serene.

Step into the poetic world of Đỗ Xuân Doãn through two lacquer works titled “Friendship”, adorned along the stairwell wall, where a gentle tranquility unfolds through the elegant silhouettes of young women in the flowing áo dài, Vietnam’s traditional costume.
