**Der beste Ort,
einen Wein
aufzubewahren,
ist die
Erinnerung.**

Liebe Gäste,

unser Haus und die Gebirgszüge des Montafons haben mehr gemeinsam, als es auf den ersten Blick scheinen mag. Aber genauso wie die Berge in dieser einzigartigen Region aufeinandertreffen, vereinen wir Tradition und Moderne – genau diese Philosophie findet sich auch in unserer Weinkarte:

Neben renommierten und etablierten Weingütern bieten wir vor allem kleinen Winzern eine Plattform, die alternative Wege im Weinbau gehen und einen starken Fokus auf Nachhaltigkeit und Biodiversität legen. Wir laden Sie also zu einer genussvollen Entdeckungsreise durch diese neue Weinwelt ein und erfreuen Sie gleichzeitig mit den beliebtesten Klassikern.

Bei der Auswahl unserer Weine denken wir so lokal wie möglich. Daher finden Sie in unserer Auswahl das Beste, das die Region Montafon zu bieten hat.

Wir glauben an Weine, die ihre eigene Geschichte erzählen und sind davon überzeugt, dass die Leidenschaft für das Handwerk und der Respekt gegenüber Natur und Umwelt sich unmittelbar im Geschmack dieser Weine spürbar sind.

Wir legen Wert auf natürliche, ehrliche und vielleicht sogar polarisierende Ansätze in der Weinherstellung und hoffen, dass wir Sie mit unserer Begeisterung für diese neue Weinwelt inspirieren können etwas Neues auszuprobieren.

Um Ihnen die Auswahl zu erleichtern, finden Sie zu jedem Wein eine kompakte Beschreibung mit #Hashtags.

Alle unsere Weine enthalten natürliche Sulfite. Wir bieten eine Auswahl an unfiltrierten, veganen und histaminarmen Weinen sowie Weine ohne Sulfitzusatz an. Für detailliertere Information und weite Fragen berät Sie gerne unser Sommelier.

**The best
place to store
a wine
is in memory.**

Dear guests,

our house and the mountain ranges of the Montafon have more in common than it might seem at first glance. But just as the mountains meet in this unique region, we combine tradition and modernity – this philosophy is also found in our selection of wine:

In addition to renowned and established wineries, we especially offer a platform to small winemakers who take alternative approaches to viticulture and have a strong focus on sustainability and biodiversity. We invite you on an delightful journey of discovery through this new world of wine, while gratifying you also with the most popular classics.

When selecting our wines, we think as locally as possible. That is why you will find the best that the Montafon region has to offer in our selection.

We believe in wines that tell their own story and are convinced that the passion for the craft and the respect for nature and the environment can be felt directly in the taste of these wines.

We value natural, honest, and perhaps even polarising approaches to winemaking and hope that we can inspire you to try something new with our enthusiasm for this new world of wine.

To make your selection easier, you will find a compact description with #hashtags for each wine.

All our wines contain natural sulphites. We offer a selection of unfiltered, vegan and low histamine wines as well as wines without added sulphites. For more detailed information and further questions, please contact our sommelier.
