

Third quarter **2023**

At Porta Hotel del Lago, we are committed to sustainability and believe it is important to work to protect the environment and the local community. In the third quarter of 2023, the hotel carried out a series of activities and projects to promote sustainability in these areas.

**Corporate Social Responsibility**

**Purchasing association:**  
The creation of a purchasing association in Panajachel was promoted, with the participation of various hotels in the area.

**Conservation of Biodiversity**

As part of our biodiversity conservation project, in alliance with Amigos del Lago, reforestation is being carried out in the surroundings of the Atitlán lake basin.

## Community Support

We collaborated with the Tat Loy rehabilitation center, benefiting 130 people.

As part of our community outreach program, we donated to the community and benefited 280 people.

## Preserving our Culture

Cultural activities:

Folkloric and marimba performances were held, with the aim of promoting local culture.

## Education

Cultural training was provided to staff to help them learn about and preserve the living cultures of the region.

## Civic Activities

In celebration of our national holidays, Porta Hotel del Lago promoted civic engagement through the torch relay, with the participation of employees and their families. Participants showed great enthusiasm for this activity, which was an opportunity to celebrate our identity and culture.
