INSPIRED BY EARTH AND SEA

Inspired by Earth and Sea: the therapeutic powers of the island's botanical flowers, herbs and plants, the island's history of natural salt ponds, and the bounty of mineral-rich ocean marine life. We invite you to celebrate these elements with us, as you relax, rejuvenate and lift your spirits at Blu Spa.

THIS IS ABOUT YOU.

Blu Spa is a peaceful retreat that embraces the abundance of Earth and Sea. The Earth and Sea concept is inspired by the bounty of mineral-rich ocean marine life and the therapeutic powers of indigenous island botanicals, flowers and herbs found in nature. The vibrant history of salt mining on the island is another important link to the Blu Spa concept.

Blu Spa celebrates our guests with spa experiences focused on relaxing and rejuvenating the mind and body. We believe that self-care is essential to living a life in balance and have crafted this menu to help you enjoy the lasting benefits that come from consistent care.
