

INFORMATION SECURITY MANAGEMENT SYSTEM POLICY

At CVK Hotels & Resorts Park Bosphorus Hotel, our goal is to ensure the confidentiality, integrity, and availability of information assets,

This policy covers all information assets, employees, contractors, suppliers, and third parties within CVK Hotels & Resorts Park Bosphorus Hotel,

We aim to:

Minimize all potential damages, protect information, and analyze and mitigate risks related to information assets,

Fulfill legal requirements and applicable regulations,

Continuously review and improve the system,

Protect information assets effectively in accordance with ISO 27001 standards, minimize the risk of unauthorized and illegal access, provide assurance to relevant parties, and implement adequate and proportionate security controls,

Emphasize the importance of internal information flow and coordination,

Provide ongoing training on the Information Security Management System and ensure its sustainability through employee satisfaction,

This is our core policy.

The management of CVK Hotels & Resorts Park Bosphorus Hotel commits to ensuring that this policy is understood by all employees and communicated to all relevant parties. This policy provides a framework for setting objectives and is reviewed regularly.
