

ONE FARRER PTE LTD

SUSTAINABILITY POLICY STATEMENT

The Management of One Farrer Hotel is committed to making a positive and sustainable impact on the environment and community when doing business. We embrace the responsibility of environmental stewardship demonstrated by our

Three Pillars of Sustainability:

- ***Environmental Stewardship***
- ***Community + Cultural Engagement***
- ***Organizational Responsibility***

We recognize that these practices will benefit not just the business but also the community in the long-term. These responsible sustainable practices will allow for future generations to enjoy the continued cultural diversity in a comfortable environment.

At One Farrer Hotel, it is critical to continually keep ourselves abreast of new developments and technology. We are committed to being open to embracing new initiatives that may reduce the overall cost of these experiences while promoting a culture of inclusivity and allowing for everyone to enjoy One Farrer Hotel.

The senior management of One Farrer Hotel has formed a sustainability committee to uphold our sustainability pillars:

ENVIRONMENTAL STEWARDSHIP

- I. *Resource Conservation through reduction of energy and water usage*
- II. *Waste and Pollution Management by creating awareness and implementing technology*
- III. *Carbon Footprint Mitigation*

COMMUNITY + CULTURAL ENGAGEMENT

- I. *Support and preservation for local and regional arts and culture*
- II. *Community Service activities to support education and biodiversity*
- III. *Meaningful partnerships with like-minded organizations*

ORGANISATIONAL RESPONSIBILITY

- I. *Maintaining a hotel culture of diversity keeping in-line with hotel core values*
- II. *Training internally and creating awareness externally*
- III. *Top-down commitment to ongoing and future initiatives*
