

get connected.

wifi

- Our WIFI is free when you sign up to the Booking Revolution
- Select 'Village WIFI' on your device and follow the steps.

connectivity

Connecting to the presentation screen is quick and easy with a HDMI cable:

1. You'll find HDMI cables on the power strip attached to the desks
2. Plug the HDMI cable into your device
3. Select and change the HDMI source using the remote control

Alternatively, wireless connections are available.

1. If you are the presenter, connect to the 'Village Meeting Room' WIFI or 'Village WIFI'
2. Cast your device to the presentation screen

Device compatibility - If your device is managed by an administrator with strict rules, such as the NHS, police or government for example, your device may not be able to connect the wireless solutions.

power is key.

You'll find a power strip attached to the desk containing power sockets ready to use.
