YOU ARE A HERO!

To be precise, a sustainability hero!
For the environment

As Sylter Hof Berlin, we place great importance on sustainable practices and strive to reduce our negative impact on the environment, control our overall consumption and minimise the damage to the economy and natural resources.

At Sylter Hof Berlin, we have therefore decided to only carry out lead cleaning after the **second night**, and we would like to thank you, dear guests, for supporting us in this endeavour.

With this support, you will become 'sustainability heroes' and directly save approx. 7.5 litres of drinking water that we would normally use for room cleaning, in addition to the cleaning agents, electricity and linen exchange including delivery that would be required for this.

Of course, we are happy to provide you with fresh towels at reception at any time on request.
